

Who are we ?

Whether you are in a global company, a government agency, or a non-profit organization, you need a business continuity (BC) plan to protect your people and your organization. A good business continuity management will be the answer to all overarching regulatory requirements and audit mandates. DRI International (DRII) provides world class business continuity education & certification to individuals who develop, test and support the business continuity programme of your organizations. DRII has trained and certified more than 7500 professionals in 95 countries worldwide since 1988.

Course description

The Professional Practices for Business Continuity Professionals are defined as the skills, knowledge and procedures BC professionals needed to lead a BC planning effort. This 5-day course includes 32 hours of instruction followed by the Qualifying Exam. Instructors offer a fast-paced overview of DRII's business continuity planning model and delineate the knowledge, skills and procedures needed to effectively execute each stage. Case study exercises as well as valuable experience sharing by the instructors will be employed during the course to reinforce learning. The Singapore BCM Standard : SS540:2008 will be covered.
